

COMMUNITY CHRISTMAS TREE RECYCLING

DECEMBER 26, 2022 – JANUARY 31, 2023

After your Christmas tree has added color to your holidays, send it to a good home by recycling it at one of St. Clair County's many drop-off sites. Live cut Christmas trees may be recycled in a variety of environmentally friendly ways. Recycling Christmas trees into landscape mulch, compost or wildlife habitat prolongs their usefulness beyond the tinsel and trim. Trees can be chipped and placed in backyard composting systems or used to build "homes" for animals. When weighted and submerged in farm ponds, Christmas trees increase fish and amphibian habitat.

Trees can be recycled at the following sites until January 31, 2023 **unless otherwise noted by that municipality or Township**. Remove all ornaments, tinsel, lights, tree stands, plastic bags and tree covers. No wreaths or pine roping.

- **BELLEVILLE**
Drop off Site Locations:
Ladermann Park – 1105 Mascoutah Avenue
North End Park – 1204 North Douglas
Bellevue Park – 401 Bellevue Park Drive
